YEARS

Making Decisions - a cornerstone of our managerial performance

ALUMNI
UPGRADE
COURSE

Who should attend?

IEDC alumni of PhD, MBA, GMP, YMP and DMP programs, this one day course was developed by Prof. Nenad Filipović specially for graduates and takes into consideration your prior experience of IEDC programs.

Refresh your knowledge on how to make decisions - a cornerstone of your managerial performance **FREE OF CHARGE.**

What will you learn?

Our decision making competence should be the cornerstone of our managerial performance. Yet, all too often we:

- do not understand why we have made a certain decision;
- do not understand how we should think about a certain decision;
- do not understand whether we should be thinking about that particular decision.

Interestingly enough, if we even consider the above issues at all, we spend most of the time with issue 1. and the least with issue 3, while it should actually be the other way around. Within short time available we shall look at the drivers behind this kind of managerial behavior and see what could be done to improve our practices.

When & Where

WHEN

FEBRUARY 26, 2016
