*About reception of foreign citizens for training
in the Russian Federation in 2016-2017*

Dear colleagues!

Tyumen State Oil and Gas University (TSOGU) expresses you the deep respect and informs you about interest and willingness to accept for training in 2016-2017 your graduates, including those within the state quota for foreign citizens training due to allocations of the federal budget in 2016-2017.

In TSOGU more than 1400 foreign citizens from 30 countries of the world are trained.

Training in our higher education institution is realized in engineering, economic and humanitarian specialties in full-time and part-time forms of training, including the technologies of distance education. TSOGU also offers a wide range of programs of continuing professional education.

For foreign students there is the department of pre-university preparation and the courses of "Russian as a Foreign Language" as well as "Russian language and the principles of scientific style" are realized.

We kindly ask you to consider the opportunity of distribution of information about TSOGU among your graduates. For detailed information please contact the RepOffice of Rossotrudnichestvo in Serbia – Serbia, 11000, Belgrade, 33 Queen Natalia St. Tel. (381-11) 264-2178.

Appendix: information materials of TSOGU.
