**Gdańsk, Poland**

**[www.zie.pg.gda.pl/entime](http://www.zie.pg.gda.pl/entime)**

Faculty of Management and Economics of Gdańsk University of Technology (Poland) is proud to host the Seventh Entrepreneurship in Modern Economy (ENTIME) Conference. This entrepreneurship conference is designed to bring together leading-edge views of academic scholars and insightful practitioners from the fields of international business and small business/entrepreneurship, in order to examine challenges and risks that firms have to face and deal with in a modern economy. The event is a great opportunity to share knowledge and experience of entrepreneurial research and studies from all over the world. On this occasion we have a great pleasure to invite you to participate in the Seventh International Entrepreneurship Conference ENTIME held in the Faculty of Management and Economics.

**Thematic areas**

- Inter-enterprise ties, networks and social capital
- Strategies for internationalizing SMEs
- Technology, innovations and internationalization of companies
- Enterprise management during economic crisis
- Entrepreneurship and economic growth and development
- Entrepreneurship and institutional environment
- Labor market, wages and shadow economy
- Cross-national comparisons of internationally-oriented firms or patterns of their growth
- Survival and bankruptcy of firms on competitive markets, financial management
- Qualitative methods in entrepreneurial research
- Quantitative methods in entrepreneurial research
- Business environment – economic, social and institutional aspects
- Social economics and social entrepreneurship
