Our integration allows us to coordinate regionally and deliver locally, adding value to our services and allowing them to be performed in the most efficient manner. We have experience in providing cross-business and cross-industry services to different types of clients including major local and international companies.**

**To enable us to support our significant growth, to our office are currently looking for candidates for a position of:**

## **Junior Consultant Business Advisory Services**

### **Work you will do**

Your role as a Junior Consultant in Business Advisory Services will focus on helping clients manage risk and uncertainty through SAP software, Oracle eBS software and Microsoft AX, GP and NAV implementation, from the boardroom to the network. You will have the opportunity to provide a broad array of services that allow clients to better measure, manage and control risk to enhance the reliability of systems and processes throughout the enterprise.

### **The team**

Business Advisory provides integrated services to national and international companies as well as public sector. Our goal is to combine our experience, business knowledge and practical approach in order to provide practical solutions to our clients. We help clients to plan, grow and structure business to address key issues such as strategy, technology and change management.

### **Ideal candidate's qualifications**

#### **Specialized Technical capabilities**

- Faculty of Economics, Organizational sciences or related degree/studies.
- A concentration in areas such as financial accounting, cost accounting and information systems is a plus
- Average grade above 9
- No more than 3 exams until graduation or graduated students
- Good understanding of business processes
- Strong analytical and project skills

#### **Other qualifications:**

- Excellent oral and written communicator (English language)
- Advanced use of MS Office
- Ability to work as part of a team
- Ability to travel and stay on locations outside Belgrade depending on the project requirements
- Ability to complete assignments on time
- Ability to prioritize tasks and work on multiple assignments
- Ability to maintain high quality and professional standards
- Ability to take the initiative to expand level of responsibility
- Ability to write clear and concise reports
- Ability to develop strong client relationships
- Ability to support business development activities

### **Your development**

At Deloitte, our professional development focuses on helping people at every level of their career to identify and use their strengths to do their best work every day. From entry-level employees to senior leaders, we believe there is always room to learn. From on-the-job learning experiences to formal development programs, our professionals have a variety of opportunities to continue to grow throughout their career.

**On this specific job, we will offer you following development opportunities:**

- Long-term career opportunities, both locally and internationally
- Extensive experience gained from working across multiple geographies and clients
- Planned training programs

**Benefits**

**At Deloitte, we know that great people make a great organization. We value our people and offer employees a broad range of benefits, such as:**

- Full time employment (40 hours per week)
- A competitive salary
- Advancement within the company
- Private health insurance
- International travel insurance in accordance with Deloitte policies
