WORKSHOP

Communities of practice in higher education business schools: how do we "walk our talk" in the 2030 Agenda?

How it is gonna be?

- Brief context of hidden curriculum and communities of practice
- Problem Base Learning modeling through an adapted Business model canvas tool.
- Experience sharing from a Brazilian Business School

Friday, November 1st at 9 am
Room 310

Flavio Pinheiro Martins is a researcher in Innovation and Sustainability at University of São Paulo's School of Economics, Administration and Accounting of Ribeirão Preto FEA-RP / USP, where he also works at the UN Principles for Responsible Management Education (UN-PRME) local commission.
